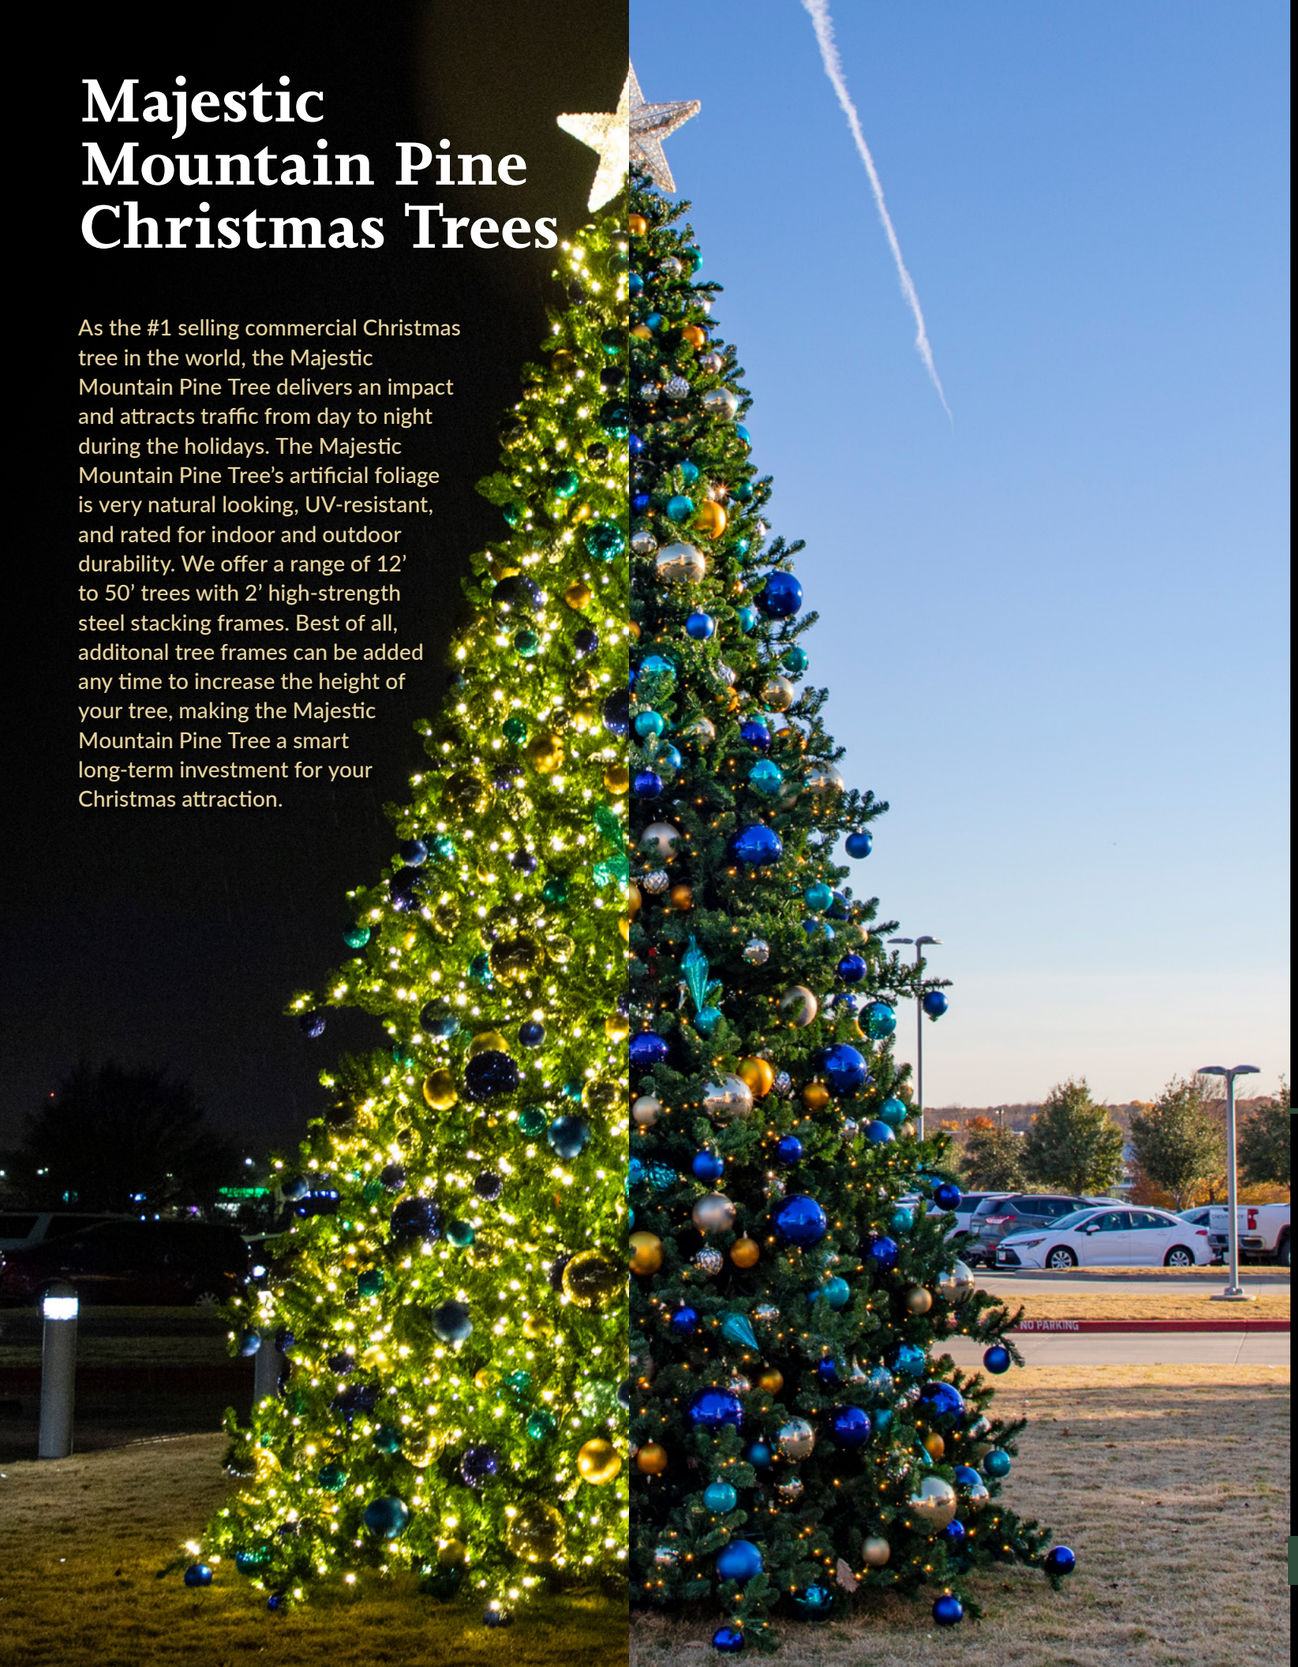
Commercial Christmas *Trees*

We offer pro-grade artificial trees that are easy to install, decorate, and store. Crafted with high-quality, durable materials, our trees withstand harsh outdoor weather, ensuring lasting beauty. Perfect for indoor and outdoor use, our tower trees create a stunning focal point for holiday displays, bringing joy and togetherness to friends, family, and the community. Enjoy the magic of the season with our premium outdoor Christmas trees.

Capture the magic of Christmas with a tower tree!

Majestic Mountain Pine Christmas Trees

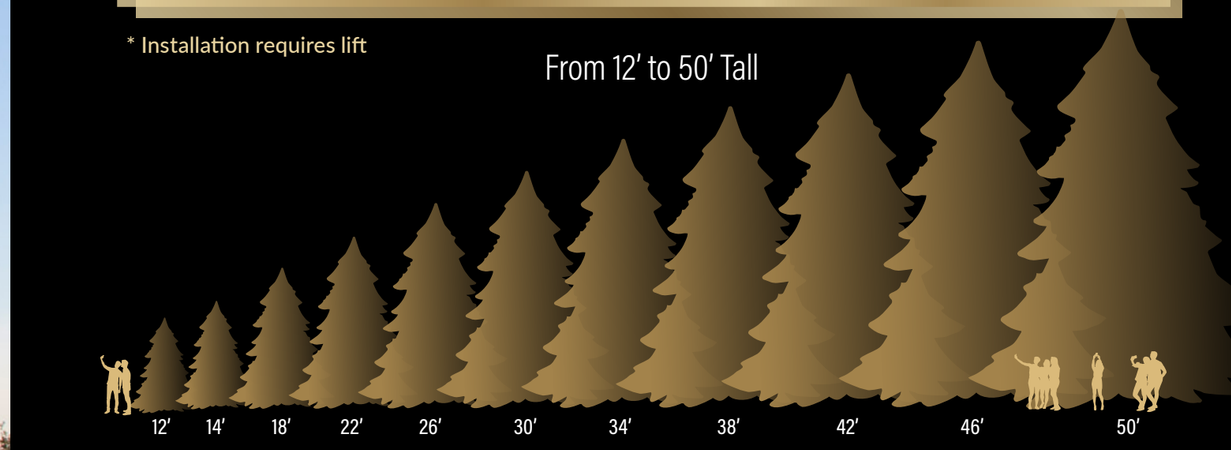
As the #1 selling commercial Christmas tree in the world, the Majestic Mountain Pine Tree delivers an impact and attracts traffic from day to night during the holidays. The Majestic Mountain Pine Tree's artificial foliage is very natural looking, UV-resistant, and rated for indoor and outdoor durability. We offer a range of 12' to 50' trees with 2' high-strength steel stacking frames. Best of all, additonal tree frames can be added any time to increase the height of your tree, making the Majestic Mountain Pine Tree a smart long-term investment for your Christmas attraction.



- **Natural, lifelike appearance with durable commercial materials for indoor/outdoor use**
- **Created with buildable 2' stacking frames that are 25% stronger than competing 3' frames**
- **Add frames to grow the height of the tree year after year**
- **Strong, UV-protected pine needles are resistant to shedding and crushing**
- **Trees can be installed with basic hand tools and no prior experience***
- **Pre-lit trees come with strings and bulbs installed, saving hours of installation time**
- **Compact frames will stack for easy storage**

* Installation requires lift

From 12' to 50' Tall



Warm white, pure white or multi-color lights • 5mm conicals or C7s

Ornament packages available

twinkly™ PRO Majestic Mountain Pine Trees

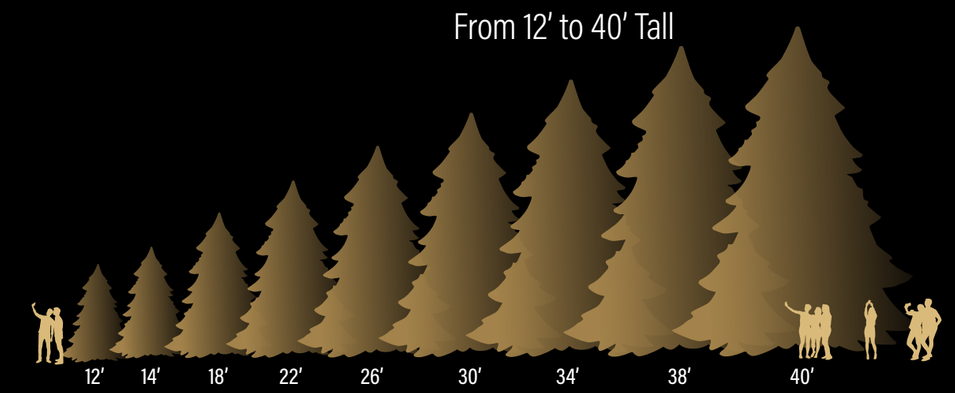
Twinkly Pro Majestic Mountain Pine Trees combine the limitless options of smart RGBW lights with superior commercial foliage. These Christmas tower trees can grow over time to fit your needs. The Majestic Mountain Pine's natural-looking branches are a brilliant canvas for Twinkly Pro lights. Your Twinkly Pro commercial tower tree comes with a full gallery of effects and advanced mapping technology.

From 12' to 40' high

Natural-looking tower tree with pro-grade LED smart lights

Gallery of effects for all occasions, including playlists and custom tools

App-controlled: no need for software or programming experience



Smart lights can be mapped and controlled with any Apple device

Slimline Tower Trees

A perfect choice for grand interior spaces like lobbies and entryways, the Slimline Tower Tree is also an ideal option for outdoor spaces needing a more streamlined footprint. With a base diameter starting at five feet, the tree offers a full, lush experience while saving more floor space than the Majestic Mountain Pine Tree.

Regular Tree

Slimline Tree

Available in 12’ and 15’ and 18’ heights

Ideal for indoor or outdoor use

Narrow footprint is ideal for lobbies, busy entertainment areas and locations with small floorspace

Ring frame design

Tree Toppers

Crown your commercial Christmas tree with a made-to-order LED tree topper. Drawing attention to the impressive height of a tower tree, tree toppers are compatible with the Majestic Mountain Pine Tree.

3D Icicle Burst LED Topper

5mm wide angle conical lights

Pure white

3′ • 4′ • 5′

3D Snowburst LED Tree Topper

Pre-installed commercial-grade C7 bulbs

Warm white • Pure white • Multicolor

3′ • 4′ • 5′ • 6′

Tower Tree Accessories

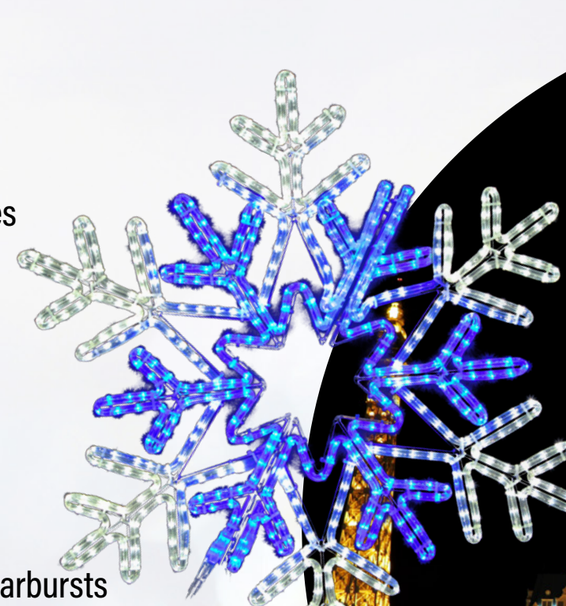
Ornament Packages

Shatterproof and outdoor-durable, with a UV coating to protect against sun damage

Available in packages for trees from 12’ to 50’

Packs of ornaments in glitter, matte and shiny finishes

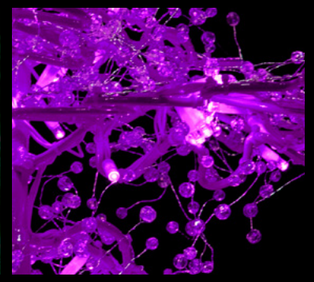
Snowflakes

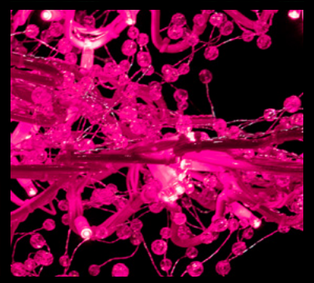


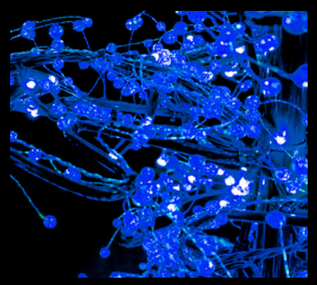
Twinkle Starbursts

Ice Sculpture Christmas Trees

With fancy European crystal details that capture twinkling conical lights, these LED trees are perfect for creating an enchanted holiday forest. Indoor/outdoor-rated with flexible metal framing for branch shaping, ice sculpture trees have a delicate look, with durable, long-lasting commercial-grade materials.







7’, 9’, and 11’ trees

Sturdy and flexible LED branches with fine crystal bead details

1/5 twinkle wide angle conical lights with coaxial connections

Tree of Lights

The tall profile of the Tree of Lights gives showstopping height without the weight and the bulk of branches. Designed and manufactured locally in Texas, the tree frame is constructed with lightweight, sturdy metal, and installation is easy with basic hand tools. The Tree of Lights can be customized with socket line and retrofit bulbs or any type of commercial-grade string light.

Available in Standard or Commercial Grade

15′ - 20′

Customize your tree with 5mm conical lights, C7 lights, or RGBW lights

Fiberglass *Displays*

Delight your visitors with colorful, detailed fiberglass displays! Attractive as photo ops, destination markers and exhibits, large fiberglass displays bring the wonder and joy to your Christmas display. High quality commercial fiberglass will stand up to years of enjoyment, and you can add new pieces to your display each year to help tell a more detailed Christmas story.

Signature Collection

Elevate your holiday season and experience the magic of the holidays with our exquisite Signature Collection of decorated wreaths, garlands and sprays. Each piece in the collection is hand decorated and designed to match, with five available décor packages. These products were thoughtfully arranged to save you decoration time while ensuring timeless style and lasting quality for seasons to come.

- Shatter-resistant ornaments are beautiful and durable for any environment.
- Commercial quality LED lights provide a brilliant, energy-efficient glow.
- Elegant bows, foliage and unique adornments create unique arrangements on each piece.
- Wreaths, garlands, sprays and bows complement each other in any setting.
- Commercial-quality artificial foliage has a lifelike appearance.

Ornaments

Take your Christmas greenery from day to night with a vibrant ornament design. Unlike lights, the color and sparkle of ornaments will capture attention in the daytime while giving a tree its character and theme. Shatterproof, commercial-quality ornaments are designed to withstand harsh winter conditions and sun exposure. Made from high-impact polystyrene, our ornaments are offered in a variety of sizes, colors and finishes that will perfectly complement your Christmas display.

Lights Christmas, Holidays & Beyond

Christmas lights create lively holiday scenes along streets, neighborhoods, trees, favorite buildings and treasured city sights. Once Christmas lights begin to turn on and signal the start of the holiday season, hearts around the world start to race with excitement and joy.

Commercial-grade LED lights by Pro Christmas™ were designed for professional installers, businesses and Christmas enthusiasts who want premium performance from their holiday lights. Pro Christmas™ lights offer the wow-factor with superior brightness and a wide array of color and twinkle options. These LED lights fit any theme, design, holiday or occasion, and with better materials and construction, they greatly reduce the need for maintenance or replacements. The quality and consistency of professional-grade lights keep millions of displays shining bright each season.

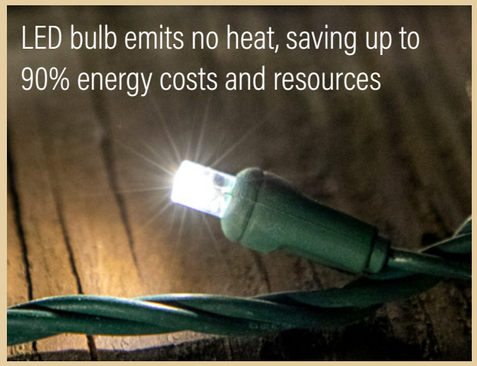
Guarantee a brighter holiday season with Pro Christmas™ 5mm wide angle conical lights. Pro Christmas™ 5mm wide angle conical lights set the standard in professional holiday and event lighting with a one-piece design that protects against dirt, corrosion, and weather damage. Whether lighting a home or an intricate commercial display, Pro Christmas™ light sets are trusted nationwide for their integrity and performance.

Commercial grade and UL listed for indoor/ outdoor use

Concave bulb design produces even lighting and maximizes luminosity

25% brighter than incandescent lights

Full-wave rectifier prevents flicker



PRO CHRISTMAS ™

Coaxial Connect LED Lights

As seen on GMA abc

Good Morning America's #1 choice for outdoor Christmas lighting!

Meet the most low-maintenance light set on the market. Coaxial conical lights screw together with a watertight seal that protects connections from damaging outdoor elments, including water, wind, dirt and frost. Even in the harshest winter weather, the extra tight connections are protected and prevented from unplugging from each other.

	Bulb Count	Color
